PROFESSIONAL EXPERIENCE

Synapse Energy Economics Inc., Cambridge, MA. *Principal Associate*, March 2001 – present.

Provide consulting services on a variety of energy and electricity related studies. Represent New England consumer advocate and environmental concerns in NEPOOL and ISO New England working groups. Monitor reliability and markets issues in RTOs and ISOs. Champion better integration of demand resources in bulk power systems. Current focus on resource adequacy for transmission planning and FERC Order 1000 issues. Participate in FERC proceedings on system planning and market design issues.

ISO New England Inc., Holyoke, MA.

Coordinator of Regulatory Affairs, 2000 – 2001.

Coordinate regulatory activities with individual state public utility commissions, the New England Conference of Public Utilities Commissioners (NECPUC), and the Federal Energy Regulatory Commission (FERC). Assist the General Counsel on a variety of specific tasks and documents; draft letters and reports for the Chief Executive Officer.

Public Information and Government Affairs, 1998 – 1999.

Worked with all ISO-NE constituencies including NEPOOL Participants, regulatory agencies, and stakeholder groups in large-group and small-group formats. Developed and presented materials that described ISO-NE's functions, special projects (including Year 2000 rollover issues), and future evolution.

Vermont Public Service Board, Montpelier, VT.

Policy Analyst, 1997 – 1998.

Monitored House and Senate legislation on electric restructuring; helped coordinate the passage of Senate Bill S.62 in 1997. Coordinated the New England Conference of Public Utilities Commissioners (NECPUC) activities regarding NEPOOL restructuring; assisted in drafting documents to create an Independent System Operator (ISO) for New England. Worked on New England task forces to develop a model rule for electric disclosure projects for consumer information and regulatory compliance.

Utilities Analyst, 1990 – 1997.

Reviewed regulated utility filings for changes in rates; judicial Hearing Officer for contested cases on a wide range of topics; wrote all decisions regarding annual utility applications for Weatherization Tax Credits. Focused on integrated resource planning and electric industry restructuring; initial Hearing Officer for the Energy Efficiency Utility docket. Chaired the Staff Energy Committee of NECPUC.

Energy Analysis, Burlington, VT. *Consultant*, 1990.

Energy-efficiency program design and evaluation.

UVM Extension Service, Burlington, VT.

Area Energy Agent, 1985 – 1990.

Performed tasks pursuant to an annual contract with Vermont Department of Public Service to conduct energy research, design energy efficiency programs and provide public education (see attached list of publications).

Home Energy Audit Team (H.E.A.T.), 1978 – 1985.

Home energy audits; energy surveys for commercial, municipal, and non-profit buildings; energy education and information.

The Close-Up Foundation, Washington, D.C. *Program Administrator*, 1975 – 1978.

Directed weekly government studies program for 200 high school students and teachers; supervised a staff of fifteen; coordinated curriculum and logistical aspects of program.

UNIVERSITY OF VERMONT EXTENSION SERVICE

Residential Construction Survey, 1986, 1989. Survey of Vermont new home construction for construction techniques, energy-efficient design, appliance loads, etc.

Vermont Vacation Home Energy Study, 1989. Survey of vacation home energy consumption and impact on Vermont statewide electrical demand.

Dairy Farm Energy Project, 1989. Implemented \$400,000 grant from Vermont Department of Agriculture for installation of milk-cooling equipment that also produced hot water.

Dairy Farm Energy Use, 1987. A detailed examination of electrical energy consumption on forty Vermont dairy farms to identify opportunities for improving energy-efficiency.

Mobile Home Booklet, 1987. A fresh look at energy saving opportunities for mobile homeowners. Specific problems of cold climates are addressed.

Vocational Building Trades Instructors, 1986 – 1989. Annual workshops on energy-efficient construction practices for the teachers of Vermont building trades students. Classroom presentations on selected topics.

Brattleboro Community Energy Education Project, 1985. Coordinated a Central Vermont Public Service Company funded project to promote energy-efficiency awareness through community programs.

EDUCATION

Western New England College School of Law, Springfield, MA

Juris Doctor degree, cum laude, May 1990. American Jurisprudence Award: Remedies, 1989. Merit Scholarship recipient and Student Bar Association Representative

Williams College, Williamstown, MA

Bachelor of Arts in Political Science and Environmental Studies, June 1974. *Cum laude*, Tyng Scholarship recipient.

LAW EDUCATION AND ASSOCIATIONS

American Inns of Court, Northern Vermont Chapter

- Member, 1995 – 1996
- Member, 1996 – 1997

National Judicial College, Reno, NV

- Administrative Hearings, Sept., 1994
- Civil Mediation, March, 1996
- Civil Mediation, July, 1997 (faculty assistant)

Admitted to Vermont Bar, February 1992

Continuing Legal Education, Vermont Bar Association

- Americans with Disabilities Act, April 1992
- Ethical Issues/Governmental Agencies, October 1992
- Advance Medical Directives, May 1993
- Family Law Workshop, September 1993
- Negotiating Settlements, May 1994
- Physician Assisted Suicide Symposium, October 1996
- Electric Industry Restructuring, March 1999
- Advance Medical Directives, May 1999
- International Law Update, June 2000

UVM Continuing Education, Brattleboro, VT

- Small Computer Course, Spring 1983
- Communications Workshops, Spring 1983 & Spring 1984

CONFERENCES

- Federal Energy Regulatory Commission Technical Conferences, since 2001
- National Association of Regulatory Utility Commissioners, annually since 2000
- New England Conference of Public Utilities Commissioners, numerous since 1994
- ACEEE Summer Study, 1992 & 1994

Schlissel, D., L. Johnston, P. Peterson. 2001. *Clean Air and Reliable Power: Connecticut HB 6365 Will Not Jeopardize Electric System Reliability*. Synapse Energy Economics for The Clean Air Task Force on behalf of The Connecticut Coalition for Clean Air.

TESTIMONY

Delaware Public Service Commission (Docket No. 14-193): Direct testimony regarding concentration of ownership, market power, and market manipulation related to the proposed Exelon-PHI merger. On behalf of the Delaware Department of Natural Resources. December 12, 2014.

Maryland Public Service Commission (Case No. 9361): Direct and surrebuttal testimony regarding market power issues related to the Exelon-Pepco merger in Maryland. On behalf of the Maryland Office of the People's Counsel. December 8, 2014 and January 21, 2015.

State of New Jersey Board of Public Utilities (Docket No. EM14060581): Direct testimony regarding concentration of ownership, market power, and market manipulation related to the proposed Exelon-PHI merger. On behalf of the New Jersey Division of Rate Counsel. November 14, 2014.

State of Vermont Public Service Board (Docket No. 7081): Direct testimony regarding the review of Vermont Transmission Planning Process. On behalf of Conservation Law Foundation. October 26, 2006.

State of Vermont Public Service Board (Docket No. 6860): Direct testimony regarding VELCO Northwest Reliability. On behalf of Charlotte, VT. September 20, 2006.

Arkansas Public Utilities Commission (Docket No. 06-028-R): Resource Planning Guidelines for Electric Utilities and Consideration of Sec. 111(d)(12) of the Energy Policy Act of 2005

Public Utilities Commission of Texas (Docket No. 28818): Direct testimony regarding the petition of Entergy Gulf States for Certification of an Independent Organization for the Entergy Settlement area in Texas. On behalf of Office of Public Utility Counsel. April 26, 2004.

State of Rhode Island and Providence Plantations Public Utilities Commission (Docket No. SB-2003-1): Direct testimony regarding the Narragansett Electric Company's Application to Relocate Transmission Lines between Providence and East Providence. On behalf of The Rhode Island Department of the Attorney General. January 20, 2004.

The Connecticut Siting Council (Docket No. 217): Testimony regarding the application of the Connecticut Light and Power Company for a Certificate of Environmental Compatibility and Public Need for an Electric Transmission Line Facility between Plumtree Substation, Bethel and Norwalk Substation, Norwalk CL&P Application for a Transmission Facility. On behalf of The Towns of Bethel, Redding, Weston and Wilton, Connecticut. March, 2002, November 2002 and January 2003.

Resume dated August 2018
